- 2.4. Designs that do not conform to the technical or other terms and conditions of the design competition will be neither considered nor assessed.

3. General terms and conditions of the competition

- 3.1. Any person wishing to participate in the design competition may do so individually or in a group.
- 3.2. Designers may submit one or more designs for the coin. Variations on a single design are not considered separate designs.
- 3.3. The deadline for the submission of designs is 26 February 2021 at 12.00. Designs submitted after the deadline will not be entered in the competition.
- 3.4. Designs should be submitted by the deadline to: Mündikonkurss (Pekingi OM), Eesti Pank, Estonia pst 13, 15095 Tallinn.
- 3.5. Each design must be submitted on a separate page and given a one-word title. Multiple designs should each have separate keywords. Each design must be accompanied by a sealed envelope containing the designer's details: name, address, telephone number and email address, and the registry number if the designer is a FIE. The sealed envelope may only be marked with the same keyword as the design.
- 3.6. Participants in the competition must confirm that the design submitted is an original work and does not breach the intellectual property rights of any other party.
- 3.7. The winner of the coin design competition will be paid 1500 (one thousand five hundred) euros as a prize within ten calendar days after the coins have been issued. The designer of the second-placed design will get 1000 (one thousand) euros and the designer of the third-placed design will get 700 (seven hundred) euros ten calendar days after signing the contract detailed in point 3.9.

The contract will be signed once the results of the competition have been approved by the Supervisory Board of Eesti Pank, and this must be done before the prize can be paid to the designer.

- 3.10. The panel judging the competition has the right to propose additions to the winning design or changes to its proportions and composition.
- 3.11. The minter of the coin has the right to propose additions to the winning design or changes to its proportions, if the technical requirements of minting make it necessary.

- 3.14. If the winning designer or group of designers does not immediately make the changes proposed by the panel or the minter to the design for any reason, and refuses to grant Eesti Pank or a third party nominated by Eesti Pank the right to make such changes, then Eesti Pank will have the right to mint the coin using the second-placed design in the competition. In this case the winning designer will not receive any payment and no contract will be signed with them or any already signed contract will be terminated.
- 3.15. The winning designer or group of designers will make or have made a plaster or other three-dimensional model of the coin for minting within 14 (fourteen) calendar days of signing the contract detailed in point 3.9. The recommended diameter of the plaster model is 200mm, the maximum thickness is 2.5mm, and the minimum is 0.4mm. The outside edge of the model must be marked with a fine line.
