

EESTI PANK'S REGULAR PUBLICATIONS

Since the end of February 2003 **Eesti Pank** has a new web site <http://www.bankofestonia.info>

The web site includes information on **Eesti Pank** and its activities, as well as on **Estonian monetary system, economy and financial environment**. The web site also displays **banking legislation**, information on **Estonian banknotes and coins** (including guidelines for collectors), **publications of Eesti Pank**, comprehensive **statistics database**, daily **fixings of currencies**, information on the **European Union** and the single currency **euro**, **terminological glossary**, etc.

QUARTERLY SURVEYS OF ESTONIAN AND WORLD ECONOMY

In the comment appended to the survey Eesti Pank provides a prompt and concise opinion relating to the most relevant issues of economy and banking policy. The survey is presented at a press conference and it is available at the bank's web site. A more detailed analysis of economic development from the point of view of monetary policy can be found in the Monetary Developments & Policy Survey.

PUBLICATIONS BY EESTI PANK

Annual Report

The publication includes the monetary and economic policy environment analysis for a particular calendar year, a survey of changes taking place in the real economy, financial sector and central bank over the year, analysis of the international cooperation, annual accounts of the central bank, etc.

Monetary Developments & Policy Survey (MDPS)

This is a central periodical publication of Eesti Pank, analysing changes in Estonia's real economy and financial sector based on an established system.

Estonian Balance of Payments Yearbook¹

Provides a survey of Estonia's foreign economic activity, including the international investment position and foreign debt of the country. It contains much statistical data. The preliminary balances of payments for each quarter are published separately, monthly balances of payments are published on the web site only.

¹ Estonian Balance of Payments Yearbook is published in August, after the final data on previous year have been received.

Quarterly Kroon & Economy

Published since November 2002 instead of the earlier Eesti Pank Bulletin. Includes surveys and analyses on topical economic issues, comments, chronicle of economic events and legislation, statistics, etc.

Working Papers of Eesti Pank

Each working paper is a short summary of a particular economic research.

Selected Statistics

Contains statistical data of banking and real economy. Upon request, the pdf-version of the selected statistics is sent by e-mail.

Newsletter

In the Newsletter the central bank publishes comments to the quarterly Estonia's preliminary balance of payments and the international investment position.

All Eesti Pank's periodicals are published in **Estonian and English**, except the Working Papers that are, as a rule, published in their original language in which the summary of a research is prepared.
